Students are required to work a minimum of 16 weeks for the Spring and Fall work sessions and a minimum of 8 weeks for the Summer work session. Academic Session dates are subject to University calendar changes, and allowed work session dates may change as the academic calendar is revised. The Cooperative Education Program is an academic program that exercises its right to utilize an alternative schedule.

Required summer sessions are Module 2 & 3. Module 1 is optional.

Starting and ending dates for work sessions are the allowed dates. You should work out the actual beginning and ending dates with your Co–Op students or employer.
