

# Future Leaders in **AEROSPACE** 2026

**May 14-15, 2026**  
**@ University of Colorado Boulder**  
**Application Deadline: April 17, 2026**

For doctoral candidates and recent PhD recipients completing post-doctoral research or working in fields broadly related to aerospace engineering sciences.

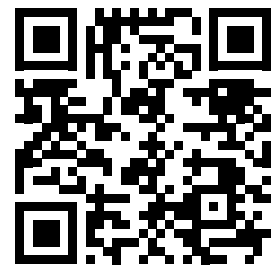

- » Present your research to peers and faculty members for feedback.
- » Learn about careers and pathways for success in academic and research positions.
- » Discuss emerging trends in aerospace.
- » Discover what to expect in the academic recruitment process.
- » Talk with diverse faculty members about career choices and work-life balance.

---

Eligibility: Applicants should be within 1-2 years of receiving their PhD at the time of the event (i.e., should have obtained their doctorate no earlier than May 2024). Applicants must not currently hold a faculty position. Travel will be provided for participants.

Apply Now  
Applications Due April 17
