

# Spring 2025 Registration Guide for AAE Graduate Students

Registration for spring courses begins **Oct. 14 – Nov. 14 at 5pm** and then again **Dec. 2**, forward.  
**(Please register as soon as possible as classes tend to fill up VERY quickly)**

## Retrieve Registration PIN and check for any holds

- Retrieve your registration PIN at <https://engineering.purdue.edu/BannerPin>

*Reminder: You may need to submit a plan of study for your PIN to be available. MS students must submit a plan of study before starting their second semester while PhD students must submit one before starting their third semester.*

Resources available on our [plan of study webpage](#). Another reason your PIN might be held is due to the RCR requirement. New students receive information about this at the start of the semester, please refer back to that info, or email the Grad office.

- Be sure to check myPurdue for any registration [holds](#) that may prevent you from registering. (Differs from PIN holds.)
- Time tickets open at various times on Oct. 14, check your specific time under “Registration Status” in myPurdue

## Adding classes via Scheduling Assistant in myPurdue

- The Spring 2025 schedule of classes will be available to view in myPurdue on **October 7, 2024**
- To add your course(s) once registration opens [locate and use the Scheduling Assistant](#) in myPurdue. If you need an override for the course the system will ask you if you’d like to submit a request for approvals.

## Consult with your advisor and/or your existing plan of study

- Contact your faculty advisor or the Graduate Office to determine if the courses you selected are appropriate, or refer to your approved Plan of Study if you have one in place.
  - You, with your faculty advisor’s guidance, are responsible for following your plan of study, submitting changes to your plan of study as needed, satisfying qualifying exam conditions (PhD), etc.
  - For **incoming students**, you can reach out to the AAE Graduate Office or Prof. Sun for first-semester course selection advice, or, reach out to professors in your major area of interest for advice. You will spend your first semester identifying a faculty advisor and finalizing your plan of study for future semesters. New on-campus MS students in the first semester usually choose to take a course to fulfill the math requirement in addition to two major area courses, or, one major area course and one minor area course. We recommend our distance students consider taking only one course in the first semester.

## Thesis research (Spring requests are due by **NOON on Friday, January 17<sup>th</sup>**)

- **To register for thesis research**, send the Grad Office ([aaegradoffice@purdue.edu](mailto:aaegradoffice@purdue.edu)) an email with the following details:
  - Your PUID
  - Semester of registration request (Spring 2025)
  - Course number (699 or 698)
  - Your professor’s CRN (you can find this on the schedule of classes in myPurdue, or below)
  - The amount of credit hours you would like to have added
  - Copy your advisor on the email request
- If you will be conducting **off-campus research**, please also submit a [Form 19](#)

**It is your responsibility to check your “Detailed Schedule” in myPurdue to confirm that your request has been correctly processed (correct professor, correct amount of credit hours, etc.)**

## Candidacy/ Graduation (required if you intend to graduate/finish your degree in May 2025)

- To declare candidacy to graduate in May 2025, request to register for CAND 991 in the Scheduling Assistant by **February 7<sup>th</sup>**. This applies to all MS non-thesis, MS thesis, and PhD students intending to graduate. It is not automatic and students must declare candidacy. PhD and MS thesis students requesting exam-only candidacy email [aaegradoffice@purdue.edu](mailto:aaegradoffice@purdue.edu). See the candidate process [here](#).

**SPRING 2025 AAE 698/699 CRNs**
