Academic advisor (Name in Print)    Date

Return completed form to: Study Abroad Office, Young Hall, Rm. 105

**Notes to the Study Abroad Office:** The following courses are approved but it is not expected that the student takes all of these classes while abroad. A breadth of coursework has been approved to ease the scheduling process while abroad.
Steps to Securing Course Approval

STARTING POINT: You have examined the courses that will be available or are typically offered in the study abroad program to which you have applied and have determined that those courses could meet your academic needs. Proceed.

Step 1: Examine the courses offered by your study abroad program. Obtain course descriptions or better yet, the syllabi if these are available. Go to the program website or consult course catalogs in the SA Office. Check the availability and suitability of courses as appropriate substitutes for your Purdue requirements.

Step 2: Discuss your study abroad plans with your academic advisor. Make a list of specific courses (SPAN 214 Spanish Literature or MGMT 200 Accounting) or categories of courses (gender studies, technical electives, International electives, professional electives, Aesthetic awareness) that you can or should “take” abroad.

Questions to ask your academic advisor:

• What degree requirements do I have left to complete?
• Are there particular requirements you recommend I take abroad?
• Do I have major/minor courses that I should not complete overseas?
• I am participating in a study abroad program which will not offer or will only offer a few courses in my major (show course list), what electives or GenEd requirements do I have left on my plan of study that I can take abroad instead?
• Will I need letter grades for all of the courses on my list?

Step 3: On your own or with your academic advisor, make a preliminary selection of overseas courses that seem to match your Purdue requirements.

Step 4: Schedule an appointment with study abroad academic liaisons to discuss your course selection and obtain approval. Bring your list of Purdue course you need to satisfy abroad, the descriptions or syllabi of the overseas courses, and your Course Approval Form. This form also can be printed from your “My Study Abroad” page.

NOTE: Do Step 4 as early as possible since liaisons’ schedule sometimes fill several weeks in advance.

Questions to ask the study abroad academic liaison:

• I have copies of course descriptions for courses I am considering taking while abroad. Do these courses meet any of the degree requirements my academic advisor and I listed?
• What should I do if I get abroad and can’t take these classes? May I email you for guidance in making alternate choices?
• What do I need to do to follow up with you when I return from studying abroad? What should I bring back with me?

Step 5: Complete and return the Course Approval form to the Study Abroad Office. Don’t forget to keep a personal copy. Scan the document and store in a flash drive or email message to yourself.
