

38 BY 38 PANEL SESSION: INSIGHT FROM THE AAE 38s

THE COLLEGE OF ENGINEERING IS EXCITED TO ANNOUNCE THE INAUGURAL PURDUE ENGINEERING 38 BY 38 AWARD TO RECOGNIZE 38 YOUNG ALUMNI WHO HAVE ROCKETED THROUGH THE RANKS AND LEFT THEIR MARK BY THE TIME THEY ARE 38 YEARS OLD.

The Purdue Engineering 38 by 38 award is inspired by the legacy of alumnus Neil Armstrong, who was 38 years old when he became the first person to set foot on the moon.
