

Hypersonics Night 2024

Made possible through
the NASA ULI program
(Grant #80NSSC21M0069)

with

and

GOAL: Introduce 100 students to research and career opportunities in hypersonic aircraft systems.

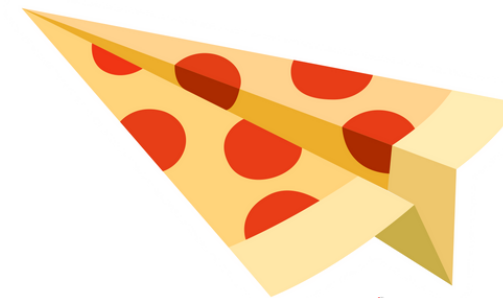

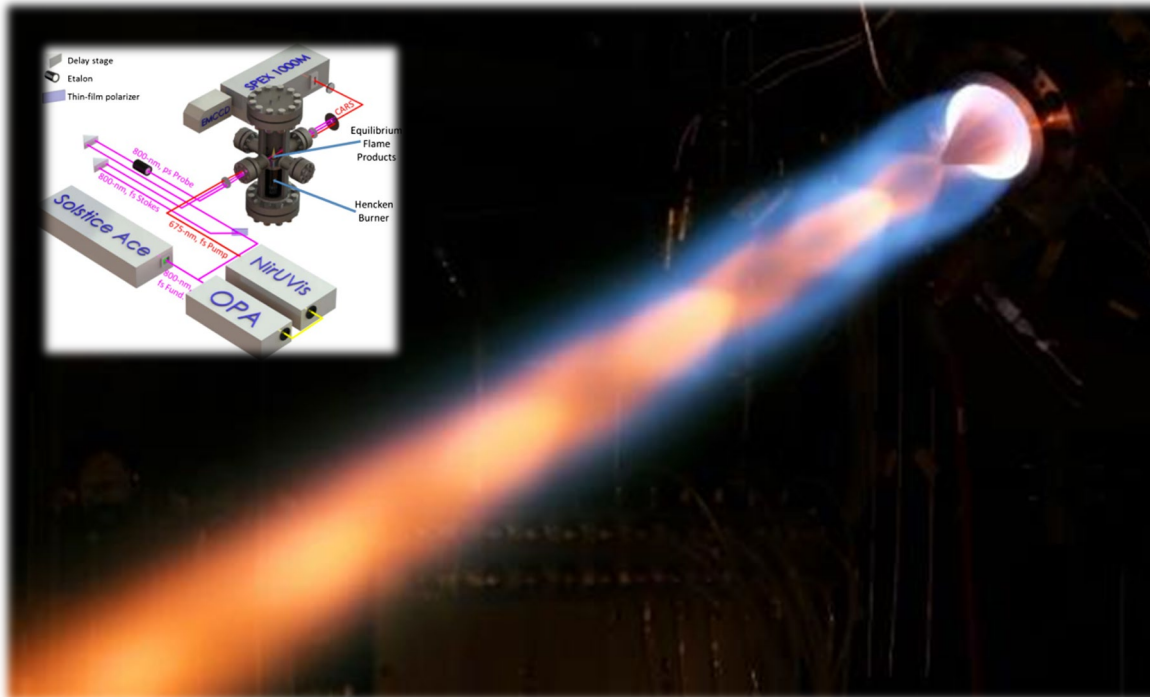

Come and learn about hypersonics in a relaxed environment, network with classmates, professors, and potential employers over pizza and snacks, and check out the brand new Zucrow building ZL9!

Tuesday October 1st, 7 to 9 pm

Zucrow Propulsion Labs (500 Allison Road)

Free parking in the Zucrow parking lots, van pickup at Armstrong hall starting at 6:30pm

RSVP: Attendance for this event is capped at 100 guests. **Reserve your spot now** by visiting <https://tinyurl.com/HypersonicsNight2024> or scan the QR code by **September 29th**.

Free Food!
