Greetings:

Please share this [job opportunity](#) with potential candidates. It is a tenure-track position at the rank of Assistant Professor in the areas of agricultural production in either controlled environments, precision agriculture and/or alternative energy sources. Applicants must have completed all requirements for a Ph.D. in Agricultural Engineering, or closely related field in engineering by the date of hire.

There is another job opportunity for a special appointment at the rank of Adjunct Extension Specialist in Agricultural Engineering (Ph.D.) or Assistant Extension Specialist in Agricultural Engineering (M.S.) with experience in solar photovoltaic systems. Applicants must have completed all the requirements for a Ph.D. or M.S. degree in Engineering with a B.S. in Electrical Engineering or an equivalent degree from a higher institution whose degrees are

recognized by the University of Puerto Rico and have at least an Engineer-in-Training (EIT) license by the date of hire.

Dr. Francisco M. Monroig-Saltar, Head
Department of Agricultural and Biosystems Engineering
University of Puerto Rico - Mayagüez Campus
