For sharing via newsletter, posts, etc. An ASM grad would be great for this. I was very glad Darcy included ASM as one of the degrees!

Subject: [Extanr] Please share a Job Opportunity – Field Research Assistant!

Hi ANR Extension,

Please share with anyone in your county that might be looking for a job, that I am looking for a field research assistant to join our team.

The job will entail the assistance in management of field research experiments for integrated disease management strategies in Indiana field crops.

It will involve operating of all our fun research equipment. The position would be located here in West Lafayette.
