Helena Agri-Enterprises

AgrIntelligence Intern

Description:

Intern would work directly with our AgrIntelligence specialist to examine, identify, and find solutions to crop issues. Daily work would include field inspections, meetings, lunches, and on the fly learning of products. Intern will be provided with a truck, ATV, and iPad to assist in completion of daily and weekly tasks. This position will assist in covering over 20,000 acres and 3 Helena locations across northeast Indiana.

Requirements:

- Live in or around Goshen, Ligonier, or Wabash, Indiana.
- Previous knowledge of corn and soybeans preferred, but not required.
- Ability to be accountable and work independently.
- Highly motivated and willing to learn with a combination of independent and mentored methods.
- Positive attitude.
- Good work ethic.
- Basic knowledge of computers and basic software (Word, PowerPoint, Excel).
- Attentive listener and strong attention to detail skills.

Perks:

- Competitive pay
- Company truck and ATV
- iPad
