Nathan -

I hope this message finds you well! Oregon State’s Dept. of Biological & Ecological Engineering is growing! We are currently searching for SIX Tenured / Tenure-track faculty, and I hoped you would share this with post-docs and graduate students in your unit.

Our cohort of new hires includes:

1. Landscape Biogeochemist
2. Biosystems Modeler
3. Waste-to-Resource Engineer
4. Intelligent Food Systems Engineer
5. Agricultural Water Management (Corvallis, OR)
6. Agricultural Water Management (Madras, OR)

Details for each posting and links to apply can be found at: https://bee.oregonstate.edu/bee/bee-open-faculty-positions

Note 14-January is the deadline for full consideration for all positions.

My sincere thanks for forwarding this along to any post-doctoral researchers and/or about-to-graduate PhD students in your unit, or anyone else you think might be relevant.

Many thanks for your support. I would be happy to return the favor if you have any ongoing searchers you would like us to publicize to our team.

Thank you, and happy holidays!

Adam
