

JOB ANNOUNCEMENT

Announcement Number	: 24-01
Position Title	: Assistant Professor
Annual Salary	: \$70, 548.00
Probationary Period	: Five Years
Opening Date	: January 24, 2024
Closing Date	: February 28, 2024
Location of Position	: University of Puerto Rico Mayagüez Campus Agricultural Experimental Station – Lajas Department of Agricultural and Biosystems Engineering

MINIMUM REQUIREMENTS

Applicants must have completed all requirements for a Ph.D. in Agricultural Engineering, or closely related field in engineering by the date of hire. Must have excellent written and verbal communication skills in Spanish and English. Must submit evidence of peer-reviewed publications and demonstrate the potential to establish and maintain a productive research program.

JOB DESCRIPTION AND DUTIES

Tenure-track position at the rank of Assistant Professor in the areas of agricultural production in either controlled environments, precision agriculture and/or alternative energy sources. The candidate must develop an externally funded research program in the areas described above. In addition, the candidate is expected to have a clear commitment to teaching at the undergraduate and graduate level, developing courses in his/her area of specialization.

The selected candidate must establish and maintain a productive research program, teach courses at the undergraduate and graduate level in his/her area of expertise, and perform outreach in the agricultural extension program. Must have the ability to work effectively as a member of a team.

HOW TO APPLY

Candidates interested in this position should send a letter of intent that includes a statement of research interests, official academic transcript of all university degrees, curriculum vitae, including a record of publications, and three (3) letters of reference to:
