

Participate in exciting field research!

# RESEARCH TECHNICIAN

## STARTS MAY 2021

**\$11-12 per hour / 40 hours per week**

Interested in learning about insect ecology, conservation, and pest management strategies? Join the Kaplan lab this summer and be a part of a research team where you get to participate in a wide range of research projects working with pollinators and pests across several systems. We strongly encourage anyone with an interest in ecology and entomology to apply. Previous research experience is not required. To apply, please email a cover letter, resume, and two references to [wghanem@purdue.edu](mailto:wghanem@purdue.edu)
