Looking for a hands-on internship experience focused on Animal Production and/or Sales & Marketing?

Becker Farms is looking for YOU!

About Us: Becker Farms was established in 2007 by Kyle and Emily Becker and is located in Mooreland, Indiana (one hour east of Indianapolis). Our farm consists of 130 acres of pasture and woods. We specialize in the production of grass-pastured beef, pork, chicken, turkey, and eggs. During the year we attend several farmers markets per week throughout east-central Indiana.

As Purdue College of Agriculture alums (Emily: B.S. in Food Science and Kyle: B.S. in Animal Sciences and DVM, Food Animal Medicine), we recognize the importance of offering experiential learning opportunities for students. We are looking for candidates that have an interest in small farms (and the unique challenges and opportunities they face) and direct-marketing of farm products.

Ideal applicants should be comfortable working in a rural setting, able to handle the physicality of farm labor, able to work independently, and have good customer-relations skills. Housing and the majority of meals will be provided, as well as a starting weekly pay of $8/hour.

Interested applicants should send a resume and to:
