

Looking for a Summer 2019 Job?

Want to know more about **cropping systems**?

Want to work alongside **Masters & Ph.D level students**?

Do you:

- Like working outside?
- Like seeing a different side of corn?
- Like working with your hands?

Dr. Tony Vyn and the Cropping Systems team is looking for individuals to join our crew this summer! We travel locally and throughout the state conducting research on corn and soybeans. Looking for students who have a passion for agriculture and a good attitude. Job requires a mix of field and lab work. **Full-time positions are available now.**

Pay is anywhere from \$10-12/hr.

For more information or to apply, send your resume to Garrett at gverhage@purdue.edu or text (425)-351-7173.
