

Company Name: Eck Family Farming

Job Title: Farm Operator

Description: We are looking to fill a position with someone who is wanting to gain experience on a diversified, family farm. This job will allow the employee to learn first hand modern agriculture practices on a farm that grows Tomatoes, Seed Corn, Wheat, Popcorn, GMO and Non GMO corn and beans. Whereas a lot of farm operations do not have room to grow personnel we have great opportunities to bring someone on board. Duties would include field work, maintaining equipment, assisting with all crops as needed.

Job Location: Boggstown, IN (Located east of Greenwood, IN)

Background/Requirements: Ideal applicant would have background in agriculture with previous farm experience. Ability to drive farm equipment, machinery and semis necessary. CDL and knowledge of mechanics appreciated but not necessary.
