For any questions please reach out to Jobs@inari.com

As a Seasonal Seed Handler, you will be involved with...
- Indoor seed processing and packaging activities may include receiving, scanning, cleaning, treating, sorting, counting, labeling or warehousing seed
- Outdoor activities (limited) may include note-taking, data entry, hand harvest.
- May be responsible for preventive maintenance of equipment in assigned areas
- Position may also include organizing, moving and placing seed into storage, maintaining inventory accuracy utilizing electronic inventory systems. Activities may require bending and lifting, long periods of sitting or standing
- Extended hours may be requested during the peak seasons

Requirements...
- Must be able to understand verbal and written tasks and safety instructions delivered in English, and to perform assigned tasks accurately.
- Must be able to adhere to all Inari’s SOPs and site safety requirements.
● Previous experience with MS Office / Excel and other standard computer and software systems may be required
● Basic mechanical ability/understanding of equipment maintenance (able to operate and troubleshoot equipment) may be required

Additional Information...
● High school diploma or equivalent (GED) and / or one year of related experience may be required.
● Flexibility around fixed schedules is possible (i.e. college classes).
● Job duties may vary each day, including the operation of bagging equipment, product, lifting of pallets and inventory management
● Frequent and routine cleaning of the workspace will be required
● Required PPE is dependent on the task being completed
● The employee needs to be able to lift up to 60 lbs
