Dan,

We are opening a job position for an Engineering Student Trainee here at the Erosion Lab, that will be tasked with working on something with myself and graduate students and post-docs.

The position will open tomorrow (Friday, January 10), and be open for 2 weeks until Thursday, January 23. Could you please advertise and circulate this to any ABE or other undergraduate students who may have an interest in working in a student position here at the Erosion Lab?

Here is the link to the job announcement at USAJOBS: https://www.usajobs.gov/GetJob/ViewDetails/555911000

Thanks!

- Dennis
