

## **DO YOU LIKE ANIMAL CRACKERS? MONEY? NEED WORK EXPERIENCE?**

*If you answered yes to any of those questions,  
we've got the position for you!*

### **Get PAID**

This is a paid internship – you won't be rollin' in a Benz or anything, but still, you won't have ramen for every meal this summer either.

### **Get EXPERIENCE**

Show off your attention to detail by proofing our customers' educational products. You'll need strong organizational skills and be able to work at a reasonably steady pace.

### **Get SNACKS**

Unlimited access to animal crackers, Cheez-Its® (the real ones, not knock offs), and pretzels. We also have incentive-based events like cook-outs and ice cream breaks.

**Still reading? Great! We're looking to fill a couple positions. ➡**

## QUALITY CONTROL SPECIALIST (4 spots)

Internships begin the first week of summer.

What if we told you, being the organized person you are, that you could gain a ton of professional experience this summer?! We are looking for Quality Control Specialists who can thrive on Cheez-Its and coffee, and successfully slay a proofing checklist with the accuracy of Hawkeye's arrow. No design experience necessary – our QCers need to be able to flawlessly proof a variety of educational products, follow detailed instructions, and maintain a reasonably steady work pace.

We do pride ourselves on the fun, creative environment we've created, and we'd like you to see we are more than just free snacks and coffee. (Though, I guess if that's what you're into, then we're probably a good fit!) Come talk to us – we'd love to hear from you.

Interested candidates should email your resume to:

## APPLY TODAY!

If you can multi-task and understand that hitting deadlines is important, we want to hear from you. If you work well with others, and want a fun internship in a professional, yet laid back environment, don't wait – apply now!
