SUPERINTENDENT,
SOUTHEAST PURDUE AGRICULTURAL CENTER

The Office of the Purdue Agricultural Centers (PACs) is seeking a superintendent to oversee all activities at the 2,400 acre Southeast Purdue Agricultural Center (SEPAC) located in Jennings County, Indiana. This professional level (non-faculty) position will be responsible for coordinating and servicing all research projects, marketing crops, purchasing supplies and crop production inputs, managing farm facilities and equipment maintenance and replacement, maintaining production and financial records, and hiring and directing the efforts of three (3) service employees. In addition, the SEPAC superintendent will have an opportunity to continue mutually beneficial interaction with military staff at the Muscatatuck Urban Training Center located adjacent to SEPAC. Additional responsibilities include occasional public relations and outreach efforts to promote Purdue agricultural research and other activities in southeast Indiana.

Requirements:

• Bachelor’s (minimum) or Master’s degree (preferred) in farm management, precision agriculture, agronomy, or closely related field.
• Three years’ experience in agricultural crop production, machinery operation and maintenance including precision agriculture equipment.
• Knowledge of applied field experimental research techniques.
• Knowledge and experience operating large and small production farm equipment in addition to basic knowledge of farm shop usage.
• Good communications skills, initiative, drive, leadership, and desire to work with agronomic, forestry, and other crops in an applied university research farm environment.

Salary:

• Commensurate with experience.

Applications:

• Candidates should submit an application with resume to Purdue University’s Careers job site (Link: http://bit.ly/1RVKQJ5) – Job Posting #1600124
• A background check and a valid driver’s license is required for employment in this position.

Purdue University is an EOE/AA employer. All individuals, including minorities, women, individuals with disabilities, and veterans are encouraged to apply.
