Position Summary

Butler, Fairman and Seufert (BF&S) is currently seeking a full-time Engineer with background or interest in pursuing a career in water resources/environmental engineering for its Indianapolis office location. Areas of focus include, but are not limited to, water, wastewater, and stormwater disciplines. Project types include treatment facilities, utility distribution, and stormwater and sanitary collection systems. The successful candidate will display a technical aptitude to use or acquire the skills and motivation to complete engineering assignments, gradually assuming the roles becoming of a Professional Engineer.

Essential Duties and Responsibilities

- Complete technical design, engineering calculations, and communications duties on a wide array of engineering projects, including treatment facilities, stormwater management for site projects and during construction, pump stations, and distribution/collection networks.
- Collaborate with team members as well as work independently to constructively approach challenges and develop solutions.
- Ability to be versatile in duties and able to manage multiple tasks while adhering to timely completion of such tasks.
- Coordinate with technical personnel to develop construction documents and specifications under the supervision of a Professional Engineer.

Education and/or Experience

- Minimum Bachelor's degree in Civil Engineering
- 0-4 years relevant work experience and have passed the Fundamentals of Engineering (FE) Exam
- Proficiency in Microsoft Office programs such as Word and Excel.
- Experience in utilizing modeling software such as WaterCad, Autodesk Storm and Sanitary Analysis, ICPR and design software such as AutoCAD Civil 3D are encouraged but not required.
- Strong verbal and writing skills to encourage development into a Professional Engineer that will effectively present information and respond to questions from groups of managers, clients, customers, and the public.
- Desire to obtain Professional Engineer certification is encouraged.

Work Environment and Physical Requirements

While performing the duties of this job, the employee is sometimes outdoors and some physical exertion may be necessary.

Butler, Fairman, Seufert provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, disability or genetics. In addition to federal law requirements, Butler, Fairman, Seufert complies with applicable state and local laws governing nondiscrimination in employment in every location in which the company has facilities. This policy applies to all terms and conditions of employment, including recruiting, hiring, placement, promotion, termination, layoff, recall, and transfer.
