About Honeyville:

For over 75 years, Honeyville Metal has been designing and fabricating innovative Dust Collection and Grain Handling Equipment for customers across a wide range of industries.

Some of our products include Bucket Elevators, Distributors, Drag Conveyors, Screw Conveyors, Hand Truss Catwalks, Support Towers, and related components.

We manufacture nearly every component in-house at our 191,000-square-foot office, warehouse, and manufacturing facility in Topeka, Indiana. Utilizing the latest metalworking technologies and automation systems, we deliver high quality products at competitive prices.

Since 1951, our family owned and operated business has remained committed to innovation, quality, and exceptional customer service.
