

Excellence in EngineeringSM

Firm Profile

Strand Associates, Inc.[®] has been providing civil and environmental engineering since 1946. We attribute our organizational strength to our talented staff, effective management, and commitment to nurturing long-term client relationships.

Our corporate mission states that we are “dedicated to helping our clients succeed through excellence in engineering.” In accordance with this mission, we are continually expanding our staff and service offerings to broaden our base of experience and knowledge so that we can provide more creative and comprehensive solutions to meet our clients’ needs.

Our areas of specialization include municipal engineering; transportation engineering; aviation engineering; water supply engineering; wastewater treatment and conveyance engineering; architectural design and structural/facilities engineering; electrical and mechanical engineering; environmental sciences; ecosystem study and restoration; wetland mitigation and restoration; stormwater management; green infrastructure/sustainable solutions; GIS and information technology; construction administration; and financial assistance services.

Employer Day – February 25, 2026

We will be on campus at the Delon and Elizabeth Hampton Hall of Civil Engineering from 9:00 AM to 3:00 PM on Wednesday, February 25th and will be conducting on-campus interviews the following day. We hope you have a chance to stop by that day and we look forward to connecting with you!

For any questions and to submit a resume to be considered for an interview slot, please send directly to Mark Krenzke at mark.krenzke@strand.com.

Our People

Our expert staff of more than 500 employees represents the academic backgrounds and experience of all disciplines normally necessary to successfully complete a project. More than 70 colleges and universities are represented by our staff. Our engineers and scientists have an average of more than 11 years of experience and the majority are licensed or have advanced degrees.

The most important thing to us when selecting individuals for our staff is a match between their personality and our company culture. Experience has taught us that those who have a genuine interest in helping others, work well individually and as part of a team, and are goal-oriented, thrive in our organization. Our low turnover rate is a testimony to the value of this careful match.

We also recognize the economic value to both parties in selecting employees based on long-term needs rather than short-term swings in the industry. When considering a position at Strand Associates, Inc.[®], please visit our website to get a feeling of who we are...we think you will be impressed!

Strand Associates, Inc.[®] is an equal opportunity/affirmative action employer.
