

CEGSAC 2018-2019 Meeting Minutes

First Executive Meeting

6/29/2018

The meeting was held at Srinath's apartment and it began around 6:15pm.

We started the meeting discussing our group meeting for the coming semester. We are planning to have the group meetings once a month during lunch so Dr. Abraham and Jenny be able to attend the meetings.

Then we talked about the idea of hosting a Symposium for graduate and undergraduate students. We brainstorm to the following ideas:

- Selection of posters or allow all to present.
- Probably to be held on the weekend during the Fall or Spring semester.
- Get together with Dr. Abraham and Dr. Govindaraju for their input.
- How to allow companies to advertise themselves, maybe with a podium to introduce themselves

Then we discussed about the activities for the Fall Semester such as Welcome Week in August and the Career Fair in October.

We also discussed about merging some of the committees. Here are some of the ideas:

- Culture + Community Outreach
- Professional
- Health & Wellness + Sports
- We are considering to eliminate the Advocacy committee

While discussing the committees, we agreed that we should let the committee co-chairs to run the small events and the Executive Committee to run the big events. The big events that we have for the 2018-19 academic year are:

- Emerging Leaders
- Symposium

Then we finished the meeting by planning the CEGSAC Callout for the second or third week of the Fall Semester.
