THE OHIO STATE UNIVERSITY, William G. Lowrie DEPARTMENT of CHEMICAL & BIOMOLECULAR ENGINEERING invites applications for a tenure-track faculty position. We are seeking highly qualified candidates with a Ph.D. degree in Chemical Engineering or allied field, a record of outstanding research accomplishments, and a commitment to teaching excellence. Special consideration will be given to applicants with interdisciplinary research experience in Energy and the Environment and specialization or specializations focused on reactive systems, fuel cells, catalysis, process control and design, particle technology, and/or coal science and engineering. Collaborative research opportunities exist in the new Center for Energy, Sustainability, and the Environment at OSU and the Ohio Supercomputer Center.

Applicants should submit a letter expressing interest, a detailed curriculum vitae, names and addresses of 3-5 references, and a statement of teaching and research interests to:

Wenda Williamson, Public Relations Coordinator, William G. Lowrie Department of Chemical & Biomolecular Engineering, The Ohio State University, 140 W. 19th Avenue, Columbus, OH 43210-1180. Email: williamson.416@osu.edu; Phone: 614-292-7907; Fax: 614-292-3769.

Electronic applications are encouraged to facilitate a fast-track review by the Search Committee. The search will remain open until the position is filled.

The Ohio State University is an Equal Opportunity/Affirmative Action Employer. Women, minorities, veterans, and individuals with disabilities are encouraged to apply. Ohio State is an NSF ADVANCE Institution.
