

The School of Chemical Engineering at Purdue University
cordially invites you to the

*2010 Women in Chemical
Engineering Seminar
“Career Perspectives”*

Saturday, April 10, 2010
10:30 am – 2:30 pm, Forney Hall of Chemical Engineering

Undergraduate and graduate women Chemical Engineering students and Chemical Engineering alumnae are getting together to discuss and network on career choices, opportunities and challenges for women chemical engineers. Two of our remarkable Chemical Engineering alumnae will share their career and personal experiences, and break-out sessions will be lead by Chemical Engineering alumnae. The seminar is free and includes a luncheon. We hope to see you there!

Speakers: Ms. Emily Liggett (BS ChE 1977)
CEO
NovaTorque Inc.

Dr. Nicole Vaughn (PhD ChE 2005)
Senior Engineer
ExxonMobil Research & Engineering
Products Research and Technology Division

**Break-out
Sessions:** Work/Life Balance

Alternative Careers

Transitioning to a New Environment

This event is sponsored by Shell.

Registration is required.
R.S.V.P. by March 12, 2010 to Sandy Hendryx (hendryxs@purdue.edu)
