NRG Battle – World edition

Are you a Bachelor, Master, MBA or PhD student and interested in a career in the energy sector? This is your chance! Register now for the NRG Battle – World Edition and get selected by the companies as one of the 100 top talents to meet, compete and innovate in Kuala Lumpur.

4-8 June 2012, Kuala Lumpur - Malaysia

Compete

The NRG Battle – World Edition is the competition for innovation and sustainability, organized during the World Gas Conference in Kuala Lumpur. 100 global top talents work for four days in multidisciplinary teams of five, on challenging cases provided by companies from the energy sector. At the end of the four days, each team presents their idea in a 3-minute pitch to an expert jury, consisting of CEO's and Directors. The jury nominates three teams that will pitch their idea once more to 5000 delegates at the World Gas Conference, who will then choose the winner of the NRG Battle - World edition.

Sign up now!

Participation is free of charge for students, including flight tickets, accommodation and food & drinks. Check www.nrgbattle.com to sign up and read all about the NRG Battle – World Edition.
