Education

M.S. in Chemical Engineering, December 1994

Purdue University, West Lafayette, IN

Advisor: Professor Linda Wang

Thesis: "Plasma Protein Adsorption to Highly Permeable Hemodialysis Membranes"

Doctor of Medicine, May 1986

Indiana University, Indianapolis, IN

B.S. in Chemical Engineering (with distinction), May 1982

Purdue University, West Lafayette, IN

Academic Positions

Adjunct Clinical Professor of Medicine

Indiana University School of Medicine

November 2021 - Present

Professor of Engineering Practice

Davidson School of Chemical Engineering, Purdue University

January 2020 - Present

Director, Professional Master's Program

Davidson School of Chemical Engineering, Purdue University

May 2019 - Present

Visiting Professor

Davidson School of Chemical Engineering, Purdue University

January 2017 - May 2019

Researcher

Center for Dialysis Innovation, University of Washington

January 2017 - Present

Affiliate Professor

Department of Mechanical Engineering, University of Washington

January 2016 - Present

Clinical Assistant Professor of Medicine

Nephrology Section

Indiana University School of Medicine

1994 - 2003

Nephrology Fellow

Department of Medicine, Indiana University School of Medicine

1991 - 1994

Intern/Resident*1988 - 1991*

Department of Medicine, Indiana University School of Medicine

Industry Positions**Senior Medical Director***2013 - 2016*

Renal Therapeutic Area

Baxter Healthcare, Deerfield, IL

Vice President of Medical Affairs*2004 - 2013*

Gambro Renal Products, Lakewood, CO

Chief Medical Officer*2002 - 2004*

NxStage Medical, Lawrence, MA

Director of Hemodialysis Research*1994 - 2002*

Renal Division

Baxter Healthcare, Deerfield, IL

Research Associate*1987 - 1988*

Ash Medical Systems, West Lafayette, IN

Purdue University: Teaching Responsibilities
