Project Title

(ECE 645 Final Report, Spring 2015)
Your Name

1   Introduction

Say something here. If you need to write an equation, here is an example:

$$\mathbb{E}[X] = \sum_x x p_X(x) \tag{1}$$

You can link (1).

1.1   Problem Statement

Say something.

1.2   Contribution

Say something.

2   Literature Review

If you want to cite a paper, you can do [1]. The .bib file can be created using off-the-shelf packages, e.g., JabRef in Windows.

3   Proposed Method

If you propose a new method, or if you are extending some existing method, write it down here. If you are conducting a comparison between various methods, write your analysis methodology here. If you are doing a theoretical derivation, show your work here.

4   Experimental Results

Show your experimental results here.

5   Conclusion

Write your conclusion here. Also write down any potential problems for future work.
