Project Title

(ECE 695 Project Proposal, Spring 2018)
Your Name

Your proposal should be 1 page. This does not include reference.

Problem Statement and Motivation

Say something here. If you need to write an equation, here is an example:

$$\mathbb{E}[X] = \sum_x x p_X(x) \tag{1}$$

You can link (1).

Potential Contributions

This is the place where you can talk about the uniqueness of your project. If you want to cite a paper, you can do [1]. The .bib file can be created using off-the-shelf packages, e.g., JabRef in Windows.

Tasks

You can list out the tasks using itemize or enumerate environment. Here is an example.

- Do something.

- Do something else.

Expected Outcomes

Here is the place where you should set the goal of your project. What do you expect to see? To what level will you say the project is completed?
