

The logo is a commemorative emblem for Purdue Engineering's 150th anniversary. It features a large, bold, black '150' as the central element. The number '0' is stylized to contain a gold-colored silhouette of the Purdue University campus, specifically showing the two prominent towers of the Old Main building. Above and below the central text is a gold-colored semi-circular arc. Inside each arc are numerous thin, gold-colored vertical lines of varying heights, creating a sunburst or radiating effect. The entire design is framed by a gold-colored border that follows the shape of the arcs.
