WABASH EMPLOYMENT

Tenure-Track Faculty Position in Computer Science

Date Posted: 09/07/18

Wabash College invites applications for a tenure-track position in computer science, to start July 1, 2019, in support of a new computer science major that we anticipate offering starting the fall 2019 semester. We anticipate hiring at the assistant professor level, but will consider candidates of any rank. A Ph.D. in computer science or closely related field by the time of appointment is expected. Any specialization will be considered, but preference may be given to areas that expand the breadth of the department. Applicants must have a commitment to excellence in undergraduate teaching, an appreciation for the broad intellectual community of an excellent liberal arts college, and the ability to work with a diverse student body. Teaching duties are three courses per semester and include a wide range of courses, both upper and lower level.

Wabash College offers competitive salaries and benefits with substantial conference and research support for faculty. The appointments are made with the expectation of development or continuation of research or creative work.

Wabash College, a liberal arts college for men, is located in Crawfordsville, Indiana, approximately 45 minutes from both Indianapolis and West Lafayette. In addition to the amenities these cities offer, Crawfordsville is located near some of the best outdoor recreational opportunities in the state. For more information about the College and the local area, see http://www.wabash.edu.

To ensure full consideration, completed applications should be received before February 15, 2019. Applications may be submitted by using the "Apply Now" button on this page. At the time of application, applicants will provide a letter of interest, vita, copies of undergraduate and graduate transcripts, essay describing teaching philosophy, research statement, and e-mail addresses for three persons who will submit confidential letters of recommendation (two of which should address teaching). Upon submission of the application, Wabash will e-mail references to request letters of recommendation, which are also due February 15. Questions concerning this position may be directed to Dr. William Turner, Chair of the Mathematics and Computer Science Department, at turnerw@wabash.edu; application questions may be directed to Rochella Endicott, Academic Administrative Coordinator, at endicotr@wabash.edu.

Wabash College, a liberal arts college for men, seeks faculty and staff who are committed to providing quality engagement with students, high levels of academic challenge and support, and meaningful experiences that prepare students for life and leadership in a diverse, multicultural world. Wabash is an equal opportunity employer and welcomes applications from persons of all backgrounds.
