CODE YOUR STRATEGY. WATCH IT COMPETE. WIN \$25K.

We are bringing together the best minds in computer science, engineering, and data science with TERMINAL, a new games-based AI challenge. Players code strategies to automate gameplay, battling team vs team for prize money, bragging rights, and job opportunities!

Highlights include:

- ✓ \$25,000 in cash prizes!
- ✓ Opportunity to **showcase your coding skills** in a novel competition!
- ✓ Consideration for **interviews** with Citadel and Citadel Securities!
