

Active LEARNING SESSIONS FOR FELLOWSHIP APPLICANTS

Personal Statements for Fellowships

9/15 & 11/4 @ 11:30 a.m.

Participants will write a personal statement outline for a specific fellowship by engaging in discussions and activities which elaborate on previous research experience and by connecting qualifications to the fellowship goals. Activities will include goal & prior research conclusion discussion, formatting & content checklist, & review examples of personal statement sections.

Research Statements for Fellowships

9/23 & 11/11 @ 11:30 a.m.

In this interactive webinar participants will write an outline for a fellowship research statement by engaging in discussions and activities for elaborating on logic flow and connecting and the intellectual merits that relate to the funding agency. Activities will include discussions of the purpose and applications of their research, checklist for formatting and content, and elaboration on logic flow.

Fellowship Application Editing Workshop

10/8 & 11/18 @ 11:30 a.m.

This active learning webinar is for graduate students and postdocs who have written a draft for a fellowship application. Participants will interact with each other to provide feedback on their drafts using systematic editing checks.

Make sure to have a fellowship in
mind and have a microphone in order
to participate in the discussion.
