

## **Graduate Research Assistant Position Available**

Dr. Jo at the School of Nursing is hiring a 0.5 FTE (20 hours per week) graduate student RA for the academic year. The RA position will start in August when the semester begins. Ideal candidates will have a background in Health Sciences or Social Sciences, with a preference for PhD students.

### **Job Description:**

The RA will assist Dr. Jo with both quantitative and qualitative research, focusing on HPV vaccine-related studies. The work will include analyzing social media data and conducting a cross-sectional study within rural communities in Indiana.

### **Requirements:**

- Fluency in Python (experience with data science projects is preferred, but not required), or Fluency in English with knowledge of American slang (for social media analysis).
- Strong statistical skills.
- Excellent communication skills.
- An unencumbered driver's license and operating vehicle.

### **Benefits Include:**

- Tuition waiver for the academic year
- Stipend for 20 hours of work per week

The initial contract is for one semester, with the potential for extension based on performance.

### **To Apply:**

Please send your CV and a brief statement of interest to [soojungj@purdue.edu](mailto:soojungj@purdue.edu).
