

2018 ILLINOIS-INDIANA SECTION CONFERENCE

AMERICAN SOCIETY FOR ENGINEERING EDUCATION

2nd Call for Student Posters

Where will the path of engineering education lead in the future?

The ASEE IL-IN Section invites **undergraduate and graduate** students in engineering, engineering technology, and STEM education to present results of recent pedagogical and educational work at the 2018 Section Conference. **Posters** (separate undergraduate and graduate poster sessions) may address the conference theme—"Reflecting on the Path of Engineering Education: Transforming the Field"—or topics related to the following:

First-Year Engineering Programs

Recruitment and Retention

Innovative Curricula

Diversity

Distance Learning

Technology in the Classroom

Capstone Experience

Leadership and Project Management

Professional Development

Industry Relations and Practices

Assessment and Accreditation

PreK-12 Research and Outreach
