Department of Electrical Engineering

## TENURE TRACK FACULTY POSITION

The Department of Electrical Engineering seeks applications in all areas of Electrical Engineering for a tenure-track assistant professor faculty position. Specific areas of interest are, but are not limited to, Information Science and Systems, Power Electronics, Biological and Biomedical Electrical Engineering, Power and Energy, Applied Physics with Applications in Electrical Engineering and Computer Engineering. Candidates should have a commitment to teaching and a demonstrated ability to pursue a high impact research program. A start date of September 1, 2016 is preferred.

Applicant review will begin in November. For full consideration, please submit applications no later than December 15, 2015, using the following site: <https://apply-ee.princeton.edu/>. Applications require: a complete curriculum vitae, descriptions of research and teaching interests, two selected publications and the contact information for at least four references. Princeton University is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, or any other characteristic protected by law. The selected candidate will be required to successfully complete a background check.
