HACK THE MICROSCOPE

Innovate at the Intersection

Connect with experts from microscopy and machine learning to create cutting-edge solutions that bridge these fields.

Inclusive and Supportive

Open to all levels and backgrounds. Whether you're a beginner or an expert, resources and guidance will help you succeed.

Contribute and Get Recognized

Work on projects that may lead to scholarly publications and gain recognition for your contributions.

Expand Your Network

Meet peers, mentors, and industry leaders, and build lasting connections that can advance your career.

Join the Hackathon to Pioneer the Future of Microscopy with AI

December 16-17, 2024

Sponsored by

THE UNIVERSITY OF **TENNESSEE** KNOXVILLE

Partnering with

MOLECULAR FOUNDRY
