

EDGE PROGRAM

ENGINEERS & SCIENTISTS ON THE CUTTING EDGE

SUMMER INTERNSHIPS IN PATENT LAW

Michael Best strongly supports engineering and science students who have a desire to explore the world of Intellectual Property. If you have a passion for technology and a genuine interest in the law, there is no better place to learn about patents, technical research, and legal writing than at a cutting EDGE law firm.

We invite you to spend your summer with us exploring the world of Intellectual Property as a Michael Best EDGE Intern. You will develop your writing and research skills while working closely with our Attorneys, Patent Agents, Engineers and Scientists to prepare and prosecute patent applications in the United States Patent Office (USPTO) and around the world and to conduct patentability searches, infringement studies, and validity studies. You will have the opportunity to interact with clients, the USPTO and foreign associates. You will become an Engineer or Scientist on the cutting EDGE.
