

Universidad EAFIT - SA 20225

This program is appropriate only for Computer Engineering majors. There are only a few courses equivalent to ECE courses available that are taught in English and students must have completed most of the CmpE Core Curriculum to participate in this program.

Please schedule an appointment with Prof. Gray (stop by EE 136 or call 49-43390 to make an appointment) to discuss course selection as it pertains to your needs.

There are a number of courses taught in English in their international business school that may be appropriate as General Education Electives. See Prof. Gray for details.

Universidad EAFIT course	Purdue course
ST 0257 Operating Systems	ECE 49595 Operating Systems (3 cr.) [Use in place of ECE 46900]
