

DEKA Research and Development

ME / ECE Info Session

DEKA is one of the leading research and development companies in the country and is the birthplace of some of the most innovative and life-changing products of our time.

Date: **Tuesday, November 28**

Time: **5:30-7:30**

Location: **WALC 2087 - Food and Drinks Provided**

Life is so short. Why waste a single day of it doing something that doesn't matter, that doesn't try to do something big?

Dean Kamen

Join us for a presentation and Q&A session about challenges in innovative product development. Afterwards, join us to discuss career opportunities and internships at DEKA.

- Mechanical
- Controls
- Manufacturing
