Defense Intelligence Agency Information Session
Friday, March 22, 2019, 6:30 pm – 7:30 pm I School of Electrical and Computer Engineering, Room #: EE 129

Looking for more than just a job? Meet current DIA officers with various backgrounds to explore a career where you make an impact on national security. Be part of a team that leaders at all levels of the military and U.S. government rely on to protect our nation. DIA produces cutting-edge analysis, targeted collection, and scientific and technological expertise employed to decisively prevent and win wars. As an intelligence agency, we employ analysts, collectors, and scientists—but that isn't all. As one of the few all-source intelligence agencies, our global mission requires a diverse workforce. We have more than 50 unique career specialties ranging from information technology and human resources to finance and communications. No matter what your skillset or specialty, DIA provides you the opportunity to serve your country and support the men and women defending our nation around the world.
