

OSA & SPIE Purdue Student Chapters 2016 Fall CALLOUT

Do you know about the OSA & SPIE Purdue Student Chapters? We are two organizations focused on **optics and photonics** related researches. Participating in OSA & SPIE Student Chapters gives you unique **leadership experience, technical knowledge advancement, and networking opportunities**, which are crucial to your career development.

Through our chapter activities, you will hear about the **newest progress in the exciting world of optics and photonics**. During the callout, **Prof. Zubin Jacob** will talk about his latest research in quantum optics with a talk titled:

Lighting a fire with vacuum friction

Join us on Sept. 7th, Wed., at ME 1015
Refreshments & reception start at 4 pm
Seminar starts at 4:15 pm
