# plain example

```
\documentclass[11pt]{article}

\begin{document}

For \LaTeX\ information.
I like \cite{Kopka:GL99} the best,
followed by \cite{Goosens:LC94},
and lastly \cite{Lamport:LDP94}.

\bibliographystyle{plain}
\bibliography{references}

\end{document}
```

For LaTeX information. I like [2] the best, followed by [1], and lastly [3].
