

EEE Mentor Switch Form

Name:

Current Mentor:

This form should be returned to the EEE Undergraduate Office (POTR 364G or eee@purdue.edu) before the 3rd week of the semester in which you seek new placement. Creating a positive, high-functioning mentor relationship is important and requires effort from both parties. Sometimes a “connection” doesn’t occur, and a switch is an appropriate step for the student to take. Briefly answer the following questions to assist with future placement.

1. List your top 2-3 choices for mentors and provide a brief explanation for why you chose each professor. Reference the [EEE Core Faculty](#) list to see eligible mentors.
2. What are your career goals? Are you more interested in classic environmental engineering or industrial sustainability?
3. What do you hope to accomplish through your mentor meetings?
4. Why do you want to switch mentors? (Your comments will be kept confidential.)
