

# UNIVERSITY SUSTAINABILITY NETWORKING WORKSHOP

## JOIN US TO LEARN MORE ABOUT ADVANCING SUSTAINABILITY ON COLLEGE CAMPUSES

Brought to you by Purdue's Institute for a Sustainable Future, this day-long event brings together professionals, faculty and students interested in how campuses across the state and the nation are thinking about, and working towards, sustainability goals ranging from reaching net zero emissions to making campus a living lab and research testbed.

**OPENING KEYNOTE SPEAKER 8:30 AM**

**JULIE NEWMAN**

***"LEVERAGING THE CAMPUS AS A TEST BED  
FOR SUSTAINABILITY: CATALYZING  
INNOVATION, IMAGINATION, AND IMPACT"***

Julie Newman, PhD, is the founding Director of Sustainability and lecturer with the Department of Urban Studies and Planning, at the Massachusetts Institute of Technology.

### ALSO FEATURING
