

# Circular Supply Chain Challenge 2022.

Global Student Edition

---

28 Sep - 5 Oct 2022 | Online

## Solve a real Circular Supply Chain problem

What if companies could exchange data & materials within secure ecosystems without compromising their APs?

In this challenge we bring cybersecurity and supply chain together to build Circles of Trust and maximize material use.

### How it works

- 1 Form a team of up to 4 students, from any college or university
- 2 Register and receive your problem statement
- 3 Collaborate, brainstorm, and submit your ideas
- 4 The winners get a prize and are featured across all the CSCN platforms
