All of the info and resources you may need can be found at https://protect.purdue.edu/

Job Corner with Ms. Whelton, PE*

Information on the Just in Time Career Fair is up! April 20th from 10am-3pm in the PMU Ballroom. This year you will need to login in with your MyCCO account to see the companies attending. Also see attached flyer.

If you don’t have a summer job opportunity there is still plenty of time! I highly suggest you attend the last couple of career fairs as EEEs have gotten good opportunities in the past from them. I have been emailing you directly with opportunities this year so you don’t have to check an additional site. You will still have to keep checking the CCO out for positions. Did you know you can set it up so they will email you positions directly from the CCO (See the set Job Alert section here)? LinkedIn and USAJobs (for US federal government positions) are also great search engines. There are also info sessions still being added via the CCO. I suggest to keep checking this as they are still adding to/adjusting the list.

Purdue Earth Week 2022*

The Architecture and Sustainability department has joined forces with several departments and student organization to celebrate Earth Week from April 17-23. The extended celebration on campus is centered around Earth Day, which has been held on April 22 for more than 50 years.

As part of the Earth Week events, I invite you to attend the keynote speaker at 6 p.m. on Wednesday, April 20th in the Class of 1950 Lecture Hall, room 224. David A. Rubin, founding principal of DAVID RUBIN Land Collective, will present “Integrated Infrastructure: A Systems Approach to Sustainability, Empathy, and Resiliency.” He will demonstrate how sustainability can be designed into the fabric of campus.

Also on April 20th, there will be a Tree Planting event to celebrate Purdue’s 13th consecutive year of receiving the Tree Campus USA award. Purdue will receive the award from the Arbor Day Foundation at 11 a.m. A tree planting event led by the Grounds department will follow at 11:30 a.m. in Founders Park, west of University Hall. Tree planting volunteers need to pre-register online as spaces are limited.

Additional Earth Week events and information are available on the Sustainability website.

Homecoming Scholarships

The Purdue Student Union Board (PSUB) is asking that you all spread the word about the Pillars of Excellency scholarships. If you are not familiar with these scholarships, they are merit-based scholarships that were created in 2019 replacing the
homecoming court. PSUB created this honor to recognize students who exemplify the land grant mission Purdue is founded on, teaching and scholarship, service and leadership, and research and innovation.

- The teaching and scholarship pillar will recognize a top student who has demonstrated qualities such as a commitment to learning through serving as a teaching assistant or mentor, or who has participated in an internship or co-op position.
- The service and leadership pillar will recognize a top student who has demonstrated qualities by serving in a leadership role, participated in Purdue organizations, mentored others or volunteered for at least 150 hours within the past year.
- The research and innovation pillar will recognize a top student who has demonstrated the following criteria, including 150 hours of verified research, been a member of a team that published research, created a unique solution to problems faced within their research area, or founded or participated in a startup company or project.
- The recipients will be selected by a committee and recognized during the Homecoming football game on September 24 where they receive a $1,000 scholarship provided by the Office of the Vice Provost for Student Life.
- The application will open on Boilerlink beginning April 1st and can be found by searching “2022 Homecoming Pillars of Excellency” or by following this link here.

ASC Upcoming Workshops*

The Academic Success Center is hosting finals workshops to help you get prepared for the upcoming exam season. On Tuesday, April 19 at 7:30, the ASC will be hosting a Create Your Finals Game Plan session to help you reflect on the semester and learn helpful tips and studying strategies. See attached or Register here.

Purdue JCPenney Suit-Up*

JCPenney currently has a ‘take an extra 30% off’ coupon on merchandise online and in store now until May 1, 2022. Text BOILERS to 67292 to receive an individual coupon code.
