Summer 2020 Registration: Schedule of Classes & Time Tickets

Summer 2020 Schedule of Classes was published in myPurdue on Monday, Dec 9, 2019. Summer 2020 PINs are the same as Spring 2020 PINs.

- Time Tickets for summer registration are going on now. Each student must look in their own myPurdue account to find his/her time ticket because it is specific to how many credits a student has completed. Find your Summer 2020 Time Ticket - Login to myPurdue > Registration > Registration Status > Summer 2020.

Dates to Know!

Various academic calendars can be found at https://www.purdue.edu/registrar/calendars/index.html. Basic dates to know:
February 24 - Last Day For Grade Correction For Fall Semester 2019
March 9 - Most 2nd eight-week courses begin
March 13 - Last Day To Withdraw From a Course With a W or WF Grade; instructor & advisor approval required; See Scheduling Assistant - How to DROP a course after Week 2
March 16 - Schedule of classes published for Fall 2020 Term
March 16-21 - Spring Break Vacation
May 2 - Classes end
May 4-9 - Final Exams
May 15-17 - Commencement weekend

Job Corner with Ms. Whelton, PE

The Professional Practice Career Fair is on February 19th. Although this career fair is primarily focused on co-ops there are usually internship and permanent opportunities available. Have you thought about co-op? It is a great way to gain substantial experience and make good money as a student. For co-ops, only freshman and sophomores are applicable. Internship opportunities generally are open to all students. Go here to look for opportunities available on their new database: https://www.opp.purdue.edu/students/

All the attendees are listed on the app. They are using the “Career Fair Plus App” this year (like Expo and IR) and you can see a list of companies on it. This list will update up until the career fair on February 19th.

February 28th-FNR Career Fair, PMU North and South Ballroom (Students enter through West Entrance). This career fair keeps growing and offering more opportunities to EEEs. So, check it out, and search based on what your interests are as there will be no environmental designation. There are several firms (American Structurepoint, Cardno, Environmental Solutions and Innovations, USDA NRCS, Corps of Engineers, IDEM, Lafayette Renew, Lochmueller Group, etc) attending that appear relevant to EEEs. A list of employers attending the event are found here https://ag.purdue.edu/fnr/Documents/Sp20_Fair_BookletREV.pdf

If you haven’t been into your CCO account this semester, log in! There is a search engine again, so set it up to help you search for jobs if you haven’t already. Think of key words for your search like environmental, sustainable, civil engineer, water resources, etc.
**FNR Career fair**
The Department of Forestry and Natural Resources will be hosting a career fair Friday, February 28th from 9:00 am to 2:00 pm in the PMU North and South Ballrooms. There will be 60+ employers and it is open to students in all majors. Registration opens at 8:30 am and will run till 1:30 pm. It will be located at the West entrance hallway. A list of employers can be found [here](#).

**AEESP Symposium**
The 2020 AEESP Distinguished Lecturer conference will bring together individuals in the field of environmental engineering to share their research findings through a poster session and presentations by leading faculty from several mid-western universities, including Purdue. The conference will culminate with the keynote speaker and AEESP Distinguished Lecturer, Diane M. McKnight, at 2:30 PM. The lecture is open to the public. The event is free and open to the public, but registration is required. Those interested in attending the event can register [here](#).

**Academic Success Center Jobs**
The Academic Success Center team is gearing up for their selection and hiring of student leaders for the 2020-2021 academic year. The positions open for hire are SI Leaders, Student Office Assistants, and Peer Success Coaches. Each position is a paid role with opportunities for personal and professional growth in a supportive setting. To help better understand each position and the benefits of working in the ASC, refer to the guide attached at the end. The guide highlights each position and its selection process as well as the timeline for the job. Any questions can be sent to the ASC staff [here](#).

**Lean Green Belt Certification**
This semester the Institute of Industrial and Systems Engineers (IISE) is offering the opportunity to earn your Lean Green Belt Certification in just one weekend for a fraction of the standard cost. From February 28th to March 1st, a trained IISE professional will teach the concepts of lean in a 3-day course that will end in the Lean Green Belt Certification test. The cost for the event includes 21 hours of in-class instruction, 6 meals, and all course materials. The Early Bird registration fee for non IISE members is $625 and $675 for regular registration. The early bird deadline is 1/31 and the regular registration deadline is 2/18. You can register and find more information [here](#). Questions can be sent to ckonz@purdue.edu.

**RecycleMania**
Purdue once again is competing in RecycleMania, a recycling competition between universities and colleges across the United States and Canada. The contest runs from February 2 through March 28th. This is Purdue’s 10th consecutive year competing. Last year, Purdue placed fourth out of 43 in the electronics recycling category and ranked 17th out of 149 in Food Organics. A list of recyclable items is available [here](#). Questions about the competition can be directed to the Campus Planning and Sustainability unit at 765-494-2481 or sustainability@purdue.edu. More information about the competition can be found [here](#).

**John Martinson Engineering Entrepreneurship Center**
Purdue’s College of Engineering has recently established the John Martinson Engineering Entrepreneurship Center. The Center will provide space and business support in the Convergence Building in the Discovery Park District to Purdue Engineering students, staff and faculty as an incubator for startups. The application for the free space and support is [here](#). The center will also fund the Summer Undergraduate Entrepreneur Accelerator program. Qualified students will be compensated to participate in the program. Applications for the accelerator program can be found [here](#). Applications are due by February 28th. The center is also looking for student suggestions which can be submitted [here](#). Finally, information sessions about the new center will be held on 2/20 from 10-11 in WALC 3121, 4:30-5:30 2/24 in MSEE B010, and 5pm-6pm 3/5 in PHYS 201. For more information about the center you can go [here](#).

**Mortar Board Awards**
This year, the Mortar Board will be offering five different awards for students. These include a group of three $3,500 scholarship to freshman and sophomores, and another group of four $5,000 scholarship to graduating or recently graduated seniors attending graduate school at any college or university. Other scholarships and awards being offered are the Dean Betty Nelson Service Award, Challenge Scholarship, and the Tip of the Cap Award. Applications are open now. The deadline
for most awards is March 1st. The Fellowship applications are due April 12th. Questions can be sent to Joseph Merlino at jmerlino@purdue.edu.

**Well-Being 360***

On Friday February 21st there will be a well-being 360 afternoon at the Corec. The event is free and involves cooking classes, candlelight yoga, sound meditation and more. The goal of the retreat is to showcase many of the health and wellness resources available at Recreation and Wellness while tying directly into the well being component of Steps to Leaps. Attendees will also receive limited edition RecWell shirts and a sleep kit. In between sessions, participants will have access to the Oasis self-care lounge with massage therapists, refreshments, and coloring pages. Registration is required and space is limited. To sign up click here. Questions can be sent to jnstrick@purdue.edu.

**Purdue Counseling and Guidance Center Discussion Groups**

Stressed about classes or struggling after a romantic breakup? The Purdue Counseling and Guidance Center can help. The PCGC will be offering discussion groups on each of these topics on Monday nights beginning Monday, March 2nd and will run until April 27th (8 weeks). The Romantic breakup discussion group is an opportunity for students to talk about their reactions and responses, with an emphasis on the losses and gains that are often connected with the ending of significant relationship. The Academic stress discussion group is an opportunity to talk about worries and concerns, with an emphasis on the common course-related challenges that students often face. The groups will be from 5:30pm to 7:00 pm. For more information and/or to sign up, call 765-494-9738 or email pcgc@purdue.edu. Space is limited.

**New Summer Language Classes***

Starting this Summer 2020, the School of Languages and Cultures is offering new online courses. The goal of the courses is to help students complete their language requirements or to help SLC majors and minors get ahead. The languages offered are ASL, Chinese, French, German, Ancient Greek, Japanese and Spanish. Students are able to complete multiple courses in a language sequence over the summer. See attached list.

**2020 ExxonMobil LOFT Fellowship***

ExxonMobil Corporation, the largest publicly traded international energy company, has partnered with the Hispanic Heritage Foundation (HHF) to create fellowship opportunities in the STEM fields for Hispanic college students. Each student will be paired up with an ExxonMobil professional to learn how their knowledge and skills are applied in a corporate setting. The fellowship consists of five 1-hour meetings with a mentor, participation in the ExxonMobil mentee program, and a $1,000 educational grant. The program is open to freshman, sophomores, and juniors, attending a 4-year college or university. A GPA of 3.5 or higher is required as well. Questions can be sent to Julian@hispanicheritage.org (please use “ExxonMobil LOFT Fellowship” in the subject line). To Apply click here. The application will close April 12, 2020 @11:59 pm.
SPRING 2020
FNR CAREER FAIR

Friday, February 28, 2020
9:00 a.m. – 2:00 p.m.
PMU North and South Ballrooms

✓ 60+ employers
✓ Multiple internship, part-time and full-time opportunities available
✓ Open to students in all majors!

Need career fair advice? Visit ag.purdue.edu/fnr/Pages/CareerFair.aspx
The conference also includes poster sessions and additional talks focused on environmental engineering.
Submission deadline: January 24, 2020

For more information, to submit an abstract, or to register:
bit.ly/aesppdlc2020

Co-hosted by:
Purdue Northwest, Purdue Fort Wayne, University of Illinois at Urbana-Champaign, Notre Dame, Bradley University, Illinois Institute of Technology, Rose-Hulman, University of Illinois at Chicago, IUPUI
The Academic Success Center is excited to be hiring for various paid student leadership opportunities for the 2020-2021 academic year. To help campus partners and students understand the each of the ASC’s different roles, requirements, and hiring processes, we’ve created this position description guide. Additional information about the Academic Success Center, programs and services offered, and currently open positions can be found online at www.purdue.edu/asc/team/apply/html.

Benefits of Working at the ASC

- Be a part of the ASC team, a fun and dynamic group committed to the success of Purdue students
- Interact with a diverse array of peers, faculty, and staff members to gain a variety of perspectives from the Purdue community
- Engage in professional development, training, and mentoring opportunities
- Give back to Purdue community and support the success of their peers
- Gain transferrable skills such as interpersonal communication, decision-making, and facilitation skills that are applicable to a variety of post-Purdue employment opportunities

ExxonMobil LOFT Fellowship
Exxon Mobil Corporation, the largest publicly traded international energy company, has partnered with the Hispanic Heritage Foundation (HHF) to create fellowship opportunities in the STEM fields (Science, Technology, Engineering, and Math) for Hispanic college students. Through HHF’s Latinos On Fast Track (LOFT) program, ExxonMobil seeks to nurture motivated college students across the country, with a passion for Engineering and Science.

Selected students will be exposed to a top-quality company by participating in this signature mentoring program. Each student will be paired up with an ExxonMobil engineer or scientist to learn how their knowledge and skills are applied in a corporate setting.

Fellowship Components
- The Fellowship consists of five 1-hour meetings with a mentor (virtual or in person)
- Participation in the Harvard-certified ExxonMobil mentee program (on-line)
- Exclusive curriculum to introduce Fellows to ExxonMobil and career opportunities
- $1,000 educational grant
- In addition, there exists the possibility to interview for ExxonMobil positions (internships/full-time) upon successful completion of the Fellowship.

Fellowship Requirements
This opportunity is highly competitive and open to freshman, sophomores, and juniors, attending a 4-year college or university.

Fellowship applicants with the following majors will be given priority:
- Civil Engineering, Chemical Engineering, Computer Engineering, Electrical Engineering, Geoscience, Material Science and Engineering, Mechanical Engineering
- Applicants with these majors will be considered also: Chemistry, Computer Science Environmental Engineering, Industrial Engineering, Mathematics, Petroleum Engineering, and Physics.
- Must plan to pursue a career in the fields/majors listed above
- Have a GPA of 3.5 and above
- Be a U.S. citizen or legal permanent resident of the United States with a valid Social Security Number at the time of application. All legal permanent residents must submit a copy of their valid permanent resident card or passport stamped I-551 (not expired).
- Identify as Hispanic. Other opportunities are available through the company’s website directly.
- If you have questions, please contact Julian@hispanicheritage.org. Please use “ExxonMobil LOFT Fellowship” in the subject line.
- You must apply through our form, direct link below.
(https://sites.google.com/a/loftinstitute.org/exxonmobil-loft-fellowship/apply-here)
