IN THIS EDITION:

- Summer 2020 Registration
- Job Corner with Ms. Whelton, PE
- EXPO Career Fair*
- AEESP Symposium*
- SURF Application
- Purdue Counseling and Guidance Center Groups
- New Summer Language Classes*
- Lean Green Belt Certification*
- Maymester 2020
- Masters of Education in Environmental Education
- Free Mindfulness Series
- Student Grant Program for Community Service
- Steps to Leaps
- Short-Term Study Abroad Courses: May 2020

Summer 2020 Registration: Schedule of Classes & Time Tickets

Summer 2020 Schedule of Classes was published in myPurdue on Monday, Dec 9, 2019. Summer 2020 PINs are the same as Spring 2020 PINs.

- Time Tickets for summer registration are opening soon - priority this week; others in February. Each student must look in their own myPurdue account to find his/her time ticket because it is specific to how many credits a student has completed. Find your Summer 2020 Time Ticket - Login to myPurdue > Registration > Registration Status > Summer 2020.
- Make an appointment with Tammi Thayer if you need to determine your best summer course options.

Job Corner with Ms. Whelton, PE

Expo is next week! This is the largest career fair in the spring so I highly suggest you attend if you’re looking for internship or full-time opportunities.

Expo is Tuesday February 4th from 8:30am to 3:30pm at the CoRec. In general, quite of few companies that will be there. There have fulltime, internship and coop opportunities for EEEs at Expo. Usually there are some companies that have listed EEE as an option, but there are also good companies that don’t have EEE selected. To enhance your job search, look for companies seeking Environmental Health Sciences and Civil Engineering and see if they do environmental work. Many do! A list of companies will be found on the Career Fair Plus App (For Android & iPhone) or the PESC Website. You’ll find the list here. They also have a guidebook which gives some great information on preparing for and connecting with employers after the fair. Look at the bottom for tips on an elevator pitch and more.

EXPO Seminars for specific companies will be held on February 3rd from 1:30 to 8:30pm on the 2nd and 3rd floors of the Stewart Center. If you are interested in a company and they are hosting a seminar, this is another chance to connect with them so you should attend if you can.

The Professional Practice Career Fair is on February 19th. Although this career fair is primarily focused on co-ops there are usually internship and permanent opportunities available. Have you thought about co-op? It is a great way to gain substantial experience and make good money as a student. For co-ops, only freshman and sophomores are applicable. Internship opportunities generally are open to all students. Some companies only put their internships on this site so it’s another way to find out about opportunities! This year co-op has a new database. With the new database, I have found it confuses students. So please try to meet with me if you’re interested in coop to ensure you complete all the necessary sections in the database.

For co-op opportunities where you apply online prior to the fair, you need to submit your resume and indicate your interest in coop online by February 3rd. This means you can still attend the career fair and get interviews, but this is the cut off for the office to provide resumes to employers prior to the career fair. Currently there aren’t many postings. I will provide you more information on the process as we get closer to the fair. More information on co-op and how to register can be found here: https://www.opp.purdue.edu/students/

For international students, the CCO has a series of seminars and workshops to help you prepare for life after Purdue. The “international student series-job search strategies” seminar is on Feb 6th from 6pm to 8pm in RAWL 1011. They also have a seminar specifically for international students on Interview preparation (Feb 12th, 5:30-6:30pm, GRIS 102).
EXPO Career Fair*
EXPO career fair is an interactive one-day event that annually attracts over 170 companies and over 4,000 students. The fair focuses on recruitment into the engineering and STEM fields, but is open to all undergraduate and graduate students. The career fair will take place on Tuesday February 4th from 8:30 am to 3:30 pm in the Co-Rec. Company Seminars will take place on Monday February 3rd from 2:30-8:20pm in the Stewart Center. For more information click here or refer to the attached flyers. Any questions can be sent to Madison Myers at myers354@purdue.edu.

AEESP Symposium*
The 2020 AEESP Distinguished Lecturer conference will bring together individuals in the field of environmental engineering to share their research findings through a poster session and presentations by leading faculty from several mid-western universities, including Purdue. The conference will culminate with the keynote speaker and AEESP Distinguished Lecturer, Diane M. McKnight, at 2:30 PM. The lecture is open to the public. The event is free and open to the public, but registration is required. Those interested in attending the event can register here until Feb. 14.

SURF Application
The Summer Undergraduate Research Fellowships program is an 11-week summer program to develop students’ research potential. Students participate 40 hours per week during the summer break conducting research activities and attending professional development seminars. SURF matches undergraduate students with a faculty member, graduate student mentor, and a SURF Graduate Assistant. Applications can be found here. To complete the application process, you'll need to submit a resume, letter of interest, and your unofficial university transcript. The SURF program is very competitive. Qualified applicants should take the application process seriously by fully answering all questions and providing all required documents by the deadline February 1, 2020.

Purdue Counseling and Guidance Center Discussion Groups
Stressed about classes or struggling after a romantic breakup? The Purdue Counseling and Guidance Center can help. The PCGC will be offering discussion groups on each of these topics on Monday nights beginning Monday, March 2nd and will run until April 27th (8 weeks). The Romantic breakup discussion group is an opportunity for students to talk about their reactions and responses, with an emphasis on the losses and gains that are often connected with the ending of significant relationship. The Academic stress discussion group is an opportunity to talk about worries and concerns, with an emphasis on the common course-related challenges that students often face. The groups will be from 5:30pm to 7:00 pm. For more information and/or to sign up, call 765-494-9738 or email pcgc@purdue.edu. Space is limited.

New Summer Language Classes*
Starting this Summer 2020, the School of Languages and Cultures is offering new online courses. The goal of the courses is to help students complete their language requirements or to help SLC majors and minors get ahead. The languages offered are ASL, Chinese, French, German, Ancient Greek, Japanese and Spanish. Students are able to complete multiple courses in a language sequence over the summer. See attached list.

Lean Green Belt Certification*
This semester the Institute of Industrial and Systems Engineers (IISE) is offering the opportunity to earn your Lean Green Belt Certification in just one weekend for a fraction of the standard cost. From February 28- March 1st, a trained IISE professional will teach the concepts of lean in a 3-day course that will end in the Lean Green Belt Certification test. The cost for the event includes 21 hours of in-class instruction, 6 meals, and all course materials. The Early Bird registration fee for non IISE members is $625 and $675 for regular registration. The early bird deadline is 1/31 and the regular registration deadline is 2/18. You can register and find more information here. Questions can be sent to ckonz@purdue.edu.

Maymester 2020
Want to study abroad, but you don’t want to commit to an entire semester? Try out one of the many Maymesters available this upcoming summer. A Maymester is a study abroad program that lasts about two weeks right after the end of the spring semester. There are still spots available in many of the programs. Relevant programs with availability include, ME 270 Basic
Mechanics I in Florence, Spanish Infrastructure Ancient and Modern-Madrid and Granada, Global Development in Colombia, Engineering in South Korea, Sustainable development in Singapore, Biotech in Germany, and Engineering in Vietnam and Cambodia. The full list and more information can be found here. Any general questions can be sent to Jill Churchill as churchil@purdue.edu. Questions about the specifics of each program can be sent to the respective trip leaders. Most Maymesters will count as a tech elective.

**Masters of Education in Environmental Education**

The M. Ed offered by Bard College offers and environmental education program that prepares educators to create and informed and engaged citizenry supporting progress towards a just, prosperous, and sustainable future. Through intensive training, real world professional experience, and career development opportunities, the program enables graduates to pursue successful, high-impact careers in private schools, NGO’s, government land management agencies, private land conservation organizations, museums, environmental education centers, and consulting firms. Also offered is an MS Degree in Environmental Policy and Climate Science and Policy as well as an MBA in Sustainability. Questions can be sent to Katie Boyle and kboyle@bard.edu.

**Free Mindfulness Series**

The four-part mindfulness Series begins on February 11th at 5pm. Students will be trained on how to manage stress, practice self-awareness, meditation, yoga, and mindful eating. If you endlessly ruminate over stress, have a hard time focusing or simply want to be more intentional, this series can help you learn the skills you need to improve your well-being. Space is limited so make sure to register before space runs out. You must be able to attend all four sessions in order to register. For registration click here. For more information click here or call the RecWell Member Services desk at 765-494-3109.

**Student Grant Program for Community Service**

Purdue’s Office of Engagement provides grants to students or student organizations for work on community service-learning projects. This program’s goal is to expand the community involvement of Purdue students in partnership with communities, nonprofit agencies, schools, and governmental bodies. The application and guidelines can be found here. Applications for Spring semester projects must be submitted online on or before Wednesday, February 5, 2020. Decisions will be made no later than Friday, February 28, 2020. Questions may be sent to Lisa Duncan at lduncan@purdue.edu.

**Steps to Leaps**

Steps to Leaps is a campus-wide program geared toward bolstering student success. The initiative is focused on student resiliency and well-being. The goal of the program is to provide students with tools, resources, and support to help them realize their personal definitions of success. Online tip sheets can be found here. Steps to Leaps is also hosting Lunch and Learns which allow students to connect with colleagues and faculty on campus. They are held in Krach Leadership Center from 12-1pm on select days. All Lunch and learns provide free lunch, but require a RSVP. You can RSVP here. To join the mailing list and stay up to date will all new Steps to Leaps events, click here.

**Short-Term Study Abroad Courses: Programs for May 2020**

Listed below are programs that still have spaces remaining for May 2020. These are coordinated through the Global Engineering Programs & Partnerships/GEP². Visit the GEP Website. PURDUE MOVES SCHOLARSHIPS AVAILABLE! More info HERE. Students may contact Jill Churchill with questions at churchil@purdue.edu.

Students should check with Tammi Thayer to see how/if a program will contribute to their degree requirements.

ME 270 Basic Mechanics I in Florence
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1585&AcademicSchoolCode=E&ProgramTypeID=7 3 spots available. Open to all Engineering students who have this course in their plan of study. See web flyer for more information

Spanish Infrastructure Ancient and Modern-Madrid and Granada
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1611&AcademicSchoolCode=E&ProgramTypeID=7 7 spots available. Open to all Engineering students who have completed their sophomore year to seniors
Professional, Intercultural, and Global Development in Colombia
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1350&AcademicSchoolCode=E&ProgramTypeID=7 10 spots available. Open to all Engineering students

Engineering, Education, and Practice in South Korea
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1366&AcademicSchoolCode=E&ProgramTypeID=7 5 spots available. Open to all Engineering students

Introduction to Machine Learning and Pattern Recognition- Prague
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1586&AcademicSchoolCode=E&ProgramTypeID=7 3 spots available. Open to Engineering students who have completed Linear Algebra

Automation and Connectivity for Sustainable Development of Resilient Infrastructure Singapore-
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1463&AcademicSchoolCode=E&ProgramTypeID=7 4 spots available. Open to all Engineering students who have completed their Sophomore year to Seniors

Industrial Microbial Biotechnology in Germany -
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1444&AcademicSchoolCode=E&ProgramTypeID=7 5 spots available. Open to ABE, ChE, Food Science or related majors. See web flyer for more information

Vietnam and Cambodia: Globalization, Agriculture, and Engineering
https://www.studyabroad.purdue.edu/programs/flyer.cfm?flyer=1387&AcademicSchoolCode=E&ProgramTypeID=7 3 spots available. Open to all Engineering students
EXPO PREP NIGHT

WE 6:30 - 8:30pm
Interactive Session
- Resume Review
- Elevator Pitch Practice
- Research Company Profiles
- Navigate the Fair
- Nametags

5:30 - 6:30pm
Recruiter Presentations
- UPS Campus Recruiter
- Miebach Consulting Senior Consultant
- CCO Speaker

AEESP DISTINGUISHED LECTURER CONFERENCE

Friday, February 21, 2020 | Purdue University

Featuring
Diane M. McKnight, Ph.D.
University of Colorado

Trouble Ahead, Trouble Behind: Acid Mine Drainage and Climate Change in the Rocky Mountains

The conference also includes poster sessions and additional talks focused on environmental engineering.
Submission deadline: January 24, 2020

For more information, to submit an abstract, or to register:
bit.ly/aeespdlc2020

Co-hosted by:
Purdue Northwest, Purdue Fort Wayne, University of Illinois at Urbana-Champaign, Notre Dame, Bradley University, Illinois Institute of Technology, Rose-Hulman, University of Illinois at Chicago, IUPUI
**In Class Courses:**

- ASL 101, 102, & 201: American Sign Language Levels I, II, & III  
  *offered: 05/18 - 06/14*
- ASL 102 & 202: American Sign Language Levels II & IV  
  *offered: 06/15 - 07/12*
- FR 201: French Level III  
  *offered: 06/15 - 08/04*
- GER 101: German I  
  *offered: 06/15 - 08/04*
- GER 102: German II  
  *offered: 06/15 - 08/04*
- SPAN 101: Spanish Level I  
  *offered: 05/18 - 06/28*
- SPAN 102: Spanish Level II  
  *offered: 06/29 - 08/07*
- SPAN 201: Spanish Level III  
  *offered: 05/18 - 06/28 & 06/29-08/07*
- SPAN 301: Spanish Level V  
  *offered: 05/18 - 06/28*

**Online courses:**

- ASL 101: American Sign Language Level I  
  *Offered: 05/18 - 07/12*
- CHNS 101: Chinese Level I  
  *Offered: 06/15 - 08/07*
- CHNS 102: Chinese Level II  
  *Offered: 06/15 - 08/07*
- CLCS 181: Classical World Civilizations  
  *Offered: 05/18 - 06/14*
- CLCS 235: Intro to Classical Mythology  
  *Offered: 05/18 - 06/14*
- FR 101: French Level I  
  *Offered: 06/15 - 08/04*
- FR 102: French Level II  
  *Offered: 06/15 - 08/04*
- GER 101: German Level I  
  *Offered: 05/18 - 06/14*
- GER 102: German Level II  
  *Offered: 06/15 - 08/04*
- GER 241: Intro to German Lit.  
  *Offered: 06/15 - 08/04*
- GER 280: German Beer & Brewing  
  *Offered: 06/01 - 07/05*
- LC 101: Accelerated Ancient Greek  
  *Offered: 06/15 - 08/04*
- JPNS 101: Japanese Level I  
  *Offered: 06/15 - 08/04*
- JPNS 102: Japanese Level II  
  *Offered: 06/15 - 08/04*
- JPNS 201: Japanese Level III  
  *Offered: 06/15 - 08/04*
- SPAN 101: Spanish Level I  
  *Offered: 06/29 - 08/07*
- SPAN 102: Spanish Level II  
  *Offered: 05/18 - 06/14*
- SPAN 241: Intro to Hispanic Lit.  
  *Offered: 06/29 - 08/07*
- SPAN 325: Spanish for Engineers  
  *Offered: 07/13 - 08/07*
- SPAN 424: Business Spanish  
  *Offered: 06/29 - 08/07*
PURDUE IISE PRESENTS

Lean Green Belt Certification Weekend

FEB. 28 - MAR. 1

CALL OUTS
MONDAY, JAN. 27
&
TUESDAY, JAN. 28
7PM, REC 113

Register at:
iisepurdue.com/lean-certification

Early-bird registration ends 1/31
Regular registration ends 2/18

Questions? Contact Claire Konz
ckonz@purdue.edu
