EEE Welcome Back Picnic *

EEE SAC (your Student Advisory Council representatives) and SEEE (Society of Environmental & Ecological Engineers) are throwing a Welcome Back Picnic. Join us to celebrate your return to campus with pizza, fruit and sweet treats. Water provided; Bring your own water bottle to fill!!!

Thursday, September 1
Stadium Mall lawn (between FRNY & JNSN) (Rain location: FRNY lobby)
5:30 - 7:30pm
Details with map are in the attached flyer.

ALL EEE students are encouraged to attend. EEE is growing! Continue to cultivate that “feeling of community” as you interact with the EEE faculty, staff and student body.

POTR 122: EEE Computer Lab *

The EEE student computer lab is in POTR 122. EEE maintains this computer center for academic & social activities. Its use is a privilege reserved for EEE students and those enrolled in EEE courses to work, study, and access dedicated EEE computers. There are 6 desktop computers with internet access and a printer/scanner. The room contains reconfigurable tables, chairs, and whiteboards.

Fall 2016 pass code for entry pad on the door is “ [signature of Amisha D. Shah] ”, as in Prof. Amisha D. Shah, who instructs EEE 30000 (spring) and other environmental courses.

Please read the attached agreement sheet which details privileges and responsibilities of using this room. In general, be respectful to others and the property. Always log off of computers before leaving the room. Do not lock a computer for later use. Do not move or alter any of the computer systems.

If you wish to place items on the wall, ask in the EEE Office for appropriate tacky putty. (No tape or staples.)

Use discretion when determining if to print and how many copies to print.

Job Corner with Ms. Whelton, PE

This section is prepared for the newsletter by Ms. Margaret Whelton, PE. She is the EEE Manager of Industrial Experience. The responsibilities of this position include working with industry to secure internships, co-ops, and full time job opportunities for students; developing real world senior design and research projects; and facilitating partnerships between industry and Environmental and Ecological Engineering. She has twelve years of experience as a practicing environmental engineer prior to becoming part of EEE. She is a registered professional engineer in Indiana, Virginia, and Alabama.

There are several ways we will notify you about job opportunities or networking opportunities.

- Any opportunity for EEEs that we know of will be posted on our website in the CurrentStudents section. In the right side bar there is the EEE Full Time Jobs for permanent positions and EEE Internships for internship positions. These links are updated as we learn of positions, so please check them regularly.
- Another way we let EEEs know about opportunities is on social media. Like “Purdue University EEE” on Facebook if you haven’t already.
- Some companies contact the CCO (Center for Career Opportunities) directly about job opportunities. You should create your myCCO account and upload your resume. We will not post opportunities that are given on the CCO site.
since they are already available to you. There are many opportunities for EEEs through the CCO and we encourage companies to post jobs for EEEs wherever they are most comfortable. More information on and how to sign up for myCCO is here: https://www.cco.purdue.edu/mycco.aspx

- Throughout the school year there may be emails sent out in regard to networking opportunities or jobs. If you receive an email from Ms. Whelton it will be in regard to job opportunities or other opportunities for you to connect (and potentially land a job) with companies. Please pay attention to these emails. Networking opportunities may also come from other EEE faculty and staff.
- Career fair season is starting soon and Industrial Roundtable is right around the corner. To prepare for this and other job-oriented events, SEEE is sponsoring a seminar where you will learn (and can have your questions answered) about resumes, interviews, networking, and more. The SEEE “Job Tune-Up” seminar will be Tuesday September 6th at 3:30pm in ARMS 1021.
- Speaking of your resume, this is a great time to update it with your summer experiences, current GPA, and current coursework. It is good to get in the habit of updating your resume at the beginning of every semester before you get inundated with schoolwork.

Global Engineering Experience Fair (GEE)

- The Office of Global Engineering Programs and Undergraduate Education in the College of Engineering are partnering to coordinate the 1st annual GEE Fair. This College-wide event will showcase the best international experiences that students can have while enrolled at Purdue, and allow students to learn about global opportunities upon graduation.
- Details:
  - Wednesday, August 24
  - 10AM-3PM
  - Engineering Mall
- Students will be able to explore:
  - Global Research opportunities such as I2D Lab and Global Development Teams
  - Semester study abroad options
  - Short-term study abroad
  - Globally expanding companies - See list at on CCO link
  - Global Service Learning
  - International education
  - Cultural events, games, and food

Upcoming Events: SAVE these Dates

- **Job Tune-Up Seminar**
  Sept 6th 3:30pm in ARMS 1021

- **SEEE sponsored BP EEE Info Session**
  Sept 12th 5:30-6:30pm in MSEE B010

- **Northrup Grumman** is interested in EEE students
  August 31st 9am-12pm in ARMS Atrium
  Recruiters will be available

- **Lilly Day at Purdue (flyer attached)**
  August 31st 1:30-4:30pm; Info Tables at multiple locations: Engineering Mall, Krannert, Memorial Mall, Lilly Hall
  August 31st 5:30-7pm; Pizza Dinner with Lilly in PMU North Ballroom

- **Microsoft (flyers attached)**
  August 30th 6:30-8pm; Info Presentation in LWSN B155
  August 31st 10am-1pm; Microsoft Tech Bar in LWSN Commons (Recruiters available with FREE Doughnuts)
MyPurduePlan:  Update Your ‘Plans’ tab

It is imperative that you get to know and understand the requirements you must achieve to obtain your BSEE degree!!! myPurduePlan is one resource to assist you in meeting this goal.

Finding myPurduePlan - Login to myPurdue > Destination: Graduation > myPurduePlan

• Worksheets tab - Review your Worksheet tab in myPurduePlan. It should be completely accurate for most students. Make note of anything that seems inaccurate or anything that you have questions about, and let Tammi Thayer know. Unsure of how to read the Worksheets tab? Go to https://mediaspace.itap.purdue.edu/media/myPurduePlan+Worksheet/1_gytsywcz

• Plans tab - Upon entry to EEE all students receive a personalized plan of study from Tammi. It is your responsibility to input your personalized POS into the Plans tab! (Electives can be left unlabeled and decided later.) Each semester it is your responsibility to update your plan per changes in registrations, future plans, repeat of courses, etc. Failure to have a customized and up to date plan may cause a delay in your future registrations. Need help? Go to https://mediaspace.itap.purdue.edu/media/myPurduePlan+Plans+Tab/1_0mzzf67i

• Find all tutorials on MPP features at https://www.purdue.edu/registrar/currentStudents/myPurdue/index.html

Finding EEE Curriculum resources - Go to www.purdue.edu/EEE > CurrentStudents > Academic Resources

• > Plans of Study - follow the appropriate path per entry date to Purdue to view the standard 4 year plan of study and other policies.

• > EEE Selectives - Hyperlinks to course descriptions ease the process of reviewing for course content, along with investigating any requisites and/or restrictions. Table 1. Universally Approved - includes courses that are fundamental to environmental engineering. These courses should be given top priority as you consider your future EEE Selective package.

• > EEE Registration Tools - page developed to be a “one-stop shop” that contains links to many registration tools and resources from across campus.

Safety:  All Hazards Training

• All-Hazards Awareness Training is offered to the Purdue community through in-person sessions and online through Blackboard Learn or WebCert websites. This training provides reminders on what constitutes an all-hazards emergency event and how faculty, staff and students in the classroom or elsewhere on campus should react in such a situation. Emergency preparedness officials explain how the campus community receives emergency notifications through the multi-layered Purdue Alert system, what “shelter in place” means and how to respond when they see the phrase in alerts sent out; evacuation procedures; what they can do to prepare; and available tools and resources.

  o Blackboard Learn - enter your Purdue career account, click “Browse Course Catalog.” In the “Search Catalog” section type in “All-Hazards Awareness Training” and “enroll” in the course.

  o WebCert - logon with your career account to review the All-Hazards Awareness Training Presentation then take the assessment as a quick review.

• View Key Emergency Preparedness Resources at Emergency Preparedness website.

• Recent enhancements to campus emergency notification are listed at www.Purdue.edu/EHPS.

Academic Success Center (ASC)

• The ASC offers a collection of services and programs designed to help Purdue students be successful in the classroom. Be proactive and review available resources now. Don’t wait till things get difficult to manage.

• See ASC’s offerings at http://www.purdue.edu/studentsuccess/academic/asc/index.html

• BoilerGuide App - The BoilerGuide app provides information about academic programs, sessions, and resources around Purdue University’s campus. Through map and calendar features, students can pinpoint where the sessions are occurring and add them to their personal calendar. Students can download the app on the App Store or Google Play, or they can use the web app online. Check it out!
Purdue has so much to offer! Wondering how to prioritize what will make the most impact on your future? The Gallup-Purdue Index (GPI) was formed from a recent survey of more than 30,000 U.S. college graduates.

Refer to the Student Guide to Creating a Successful College Experience: This guide was designed to help college students get the most out of the college experience based on the GPI results.
EEE Welcome Back Picnic!!!

Thursday, September 1st, 2016 5:30-7:30pm
Stadium Mall (lawn between FRNY & JNSN)
Rain Location: FRNY lobby

PIZZA, FRUIT, TREATS & WATER will be provided. Bring your own water bottle!!!

Come reconnect (or get to know) the EEE students, faculty & staff!

Look for the bunch of GREEN balloons!
EEE Student Room (Potter 122) Agreement

The EEE Student Room in Potter 122 (hereafter referred to as 122) is a place set aside for EEE students and students in EEE courses to work, study, and access dedicated EEE computers.

Use of 122 is a privilege and students are expected to treat the room and other students in the room with respect.

Use
122 is restricted to EEE students and students in EEE courses. It is NOT a general-purpose room for Purdue students.

While it does not have the atmosphere of a library, students should be considerate of others attempting to work and keep noise to a minimum.

EEE students can invite other Purdue engineering students to work with them in 122 for the purpose of group work or projects. EEE students who host non-EEE students are responsible for their guests.

Computers
The six computers are available for general use by EEE students. However, school work or EEE-related business takes priority and students using the computers for general purposes (web browsing, email) should log off if there is not another computer free. This is not a general use computer lab – we do monitor the computers and only EEE students and those in EEE classes should be using the computers. Do not alter the configuration of the computers in any way. If additional software packages are needed, please contact Dr. Robinson (nlrobins@purdue.edu).

Printing
The use of 122 printer is limited to school work and EEE-related business. It is currently a free resource offered by EEE. Please respect this free resource (and the environment) by printing only what is necessary. We will monitor print use; excessive use or use by students who are not EEE students or in EEE courses may result in page charges.

SEEE Office Space
The desk, file cabinet, and refrigerator are for SEEE officer use only.

IMPORTANT:
122 is secured by a keypad whose code will change every semester and should NEVER be distributed to anyone except at the discretion of EEE faculty and staff.

Students who give out the key code may have their 122 access privileges revoked.
LILLY DAY AT PURDUE
Lilly celebrates 130 years of hiring Boilermakers. Start your career with us and join this great tradition.

AUGUST 31

Lilly Info Tables
Come cool off with a free Kona Ice treat while learning more about how you can be a part of the Lilly/Purdue connection!

Time: 1:30 - 4:30 p.m.
Locations: Krannert, Memorial Mall, Engineering Mall, Lilly Hall

Dinner with Lilly’s Next CEO
Who doesn’t want free pizza? Come for dinner AND hear why Boilermaker and future Lilly Chairman of the Board, President, and CEO chose to pursue a career with a company that makes lives better for people around the world.

Time: 5:30 - 7:00 p.m.
Location: Purdue Memorial Union (North Ballroom)
Microsoft Presentation

Location: LWSN B155
Date: Tuesday, August 30th
Time: 6:30-8:00pm

Come Learn about how Microsoft Recruits and how to prepare your resume for the Career Fair. We will also have Tech evangelist David Giard here to talk about some amazing APIs developed by Microsoft Research that will really set off any personal Hack that you decide to work on. And if that wasn’t enough we will have Software Engineer Hayden McAfee to talk about his day to day at Microsoft. Come for the whole talk or just drop in.

Feel free to bring your resume and I will enter you in a raffle to win an Xbox One! And of course free Pizza!
Microsoft Tech Bar

Location: Lawson Commons
Date: Wednesday, August 31st
Time: 10:00am-1:00pm

Want to talk more about Microsoft and ask individual questions about jobs and preparation for this fall’s recruiting season?? The Microsoft Tech Bar is for you. We will be answering questions and will have employees from many different technical roles there to talk about what it’s like for them to work at Microsoft. Feel free to drop your resume and meet me Trisha… your recruiter in person.!

And of course FREE DONUTS while they last!
